NARENDRA G

DODDABALLAPURA, BANGALORE, KARNATAKA - 561203

+91-6363847471 | narendranare86@gmail.com

Profile Summary:

Motivated and detail-oriented Testing Line Senior Technician with foundational knowledge in **New Product Introduction (NPI)** processes and a strong interest in mobile device manufacturing. Familiar with iPhone assembly workflows, diagnostic procedures, and quality standards. Quick learner with a strong understanding of electronic components, testing equipment, and safety protocols. Eager to contribute to product validation, troubleshooting, and quality assurance activities in a high-paced NPI environment.

Experience:

Testing Line – Senior *Technician* **Aug 2024 - Present**

Foxconn Hon Hai India Mega Development (Bangalore)

- **Product Testing and Validation** Perform functional, RF, audio, display, and sensor testing on iPhone units during NPI builds. Execute automated and manual test cases using Apple diagnostic tools and test stations.
- **Test Line Setup and Maintenance** Set up and calibrate test fixtures, stations, and diagnostic equipment as per NPI requirements. Monitor equipment functionality and ensure minimal downtime through preventive maintenance.
- **Collaboration with Cross-Functional Teams** Work with product engineers, quality assurance, and design teams to enhance product reliability. Support engineering evaluations (EVT, DVT, PVT,CRB) and provide technician-level insights.
- **Quality Assurance and Continuous Improvement** Follow ESD and cleanroom standards rigorously. Participate in process audits and propose improvements to enhance product quality and test line efficiency.
- **Training and Knowledge Sharing** Train junior technicians on testing procedures, safety protocols, and diagnostic tools. Stay updated with the latest test protocols and Apple manufacturing guidelines.
- **Data Logging and Reporting** Report failure trends, line performance, and yield data to engineering and quality teams.

  Contribute to the creation of test documentation and standard operating procedures.

INTERNSHIP:

Company Name: Rail Wheel factory (RWS)

Designation: Trainee

Role: Quality Checking Of finished parts

Duration: 4

months

Responsibilities:

- Monitor processes to ensure they are being followed correctly
- Conduct process audits and compliance checks
- Develop &maintain quality policies, procedures and guidelines
- Work with CFT teams to produce Quality output with zero defects

Technical Skills:

- Process Improvement (4M,5S)
- Root cause analysis (8D)
- Component Testing &Analysis (Destructive Testing, Flex bending Measurement)
- Customer Complaint handling
- Environment Audit
- Process Audit& Line audit
- Familiarity with MS Office Tools for analytical documenting
- Machine And Fixture Maintenance

Education:

Reva University, Bangalore Jan2021 – Apr 2024

Bachelor of Mechanical Engineering– CGPA: 8.43

R L Jalapa Polytechnic Collage, Doddaballapura Aug 2018-Sep 2021

Diploma in Mechanical Engineering - Percentage:76.16%

Personal information:

Name : Narendra G
Date of Birth : 10/01/2003
Father Name : Gopal
Material Status : Unmarried
